- 28 states represented
- 6 foreign countries represented

Entering M.S. Student Profile

Accreditation

- Class Size - 12
- Average GPA - 3.2 cumulative, 3.1 science
- Average Age - 25
- 8 states represented

School of Osteopathic Medicine in Arizona

ATSU's newest osteopathic medical school opened in July 2007. Leaders in medical education, public health, patient care, technology, and business were part of the development of this innovative, learning-centered school. Students study on the Arizona Campus for their first year. In years two through four, students move to one of 11 Community Campuses across the nation.

Program

- Doctor of Osteopathic Medicine (D.O.)

Community Campus Locations

Alabama, Arizona, California, Hawaii, New York, Ohio, Oregon, South Carolina, and Washington

Community Campus/ATSU Partnership

ATSU and the National Association of Community Health Centers are partnering together to deliver one of the most exciting innovations in medical education, including early contextual learning experiences in an interdisciplinary, community-focused environment. Studies indicate students learn best when educated in an environment where acquired knowledge and skills will be used.

Entering D.O. Student Profile

- Class Size - 107
- Average MCAT - 25
- Average GPA - 3.5 cumulative, 3.3 science
- Average Age - 27
- 31 states represented

Arizona School of Health Sciences

ASHS educates students to practice in a dynamic healthcare system. Using a team approach, students from all programs attend common core classes and work on group projects. This allows students to experience the collaboration necessary to provide quality, effective healthcare.

Residential Programs

Athletic Training (M.S.)

Program Length - 2 years, Class Size - 13

- Doctor of Health Education (D.H.Ed.)

Time Frame

- Master's degree - 1 1/2 years: two classes per quarter
- Master's degree - 2 1/2 years: one class per quarter
- Maximum - Seven years to complete degree

Convenient and Flexible

- All programs are conducted exclusively online.
- Classes are scheduled on a quarter system.

Arizona School of Dentistry & Oral Health

Arizona's first dental school is an educational model that relies on an exceptional cadre of motivated, experienced, learning guides (mentors) for our students in both the pre-clinical and clinical phases of the degree program. In addition to the issues of oral health and the skills of dentistry, students learn from, and are encouraged to become caring, community-minded health care providers.

Program

- Doctor of Dental Medicine (D.M.D.)

Clinical Placements

- Year 3 - Campus clinic
- Year 4 - Community-based health centers

Integrated Public Health

The four-year program includes a certificate in Public Health

Entering D.M.D. Student Profile

- Class size - 68
- Average DAT - 17.8
- Average GPA - 3.4 cumulative, 3.3 science
- Average Age - 26
- 23 states represented

Statement of Nondiscrimination

A.T. Still University of Health Sciences (ATSU) does not discriminate on the basis of race, color, religion, national origin, sex, gender, sexual preference, age or disability in admission or access to, or treatment or employment in its programs and activities. For contact and additional information, visit www.atsu.edu.

Notice

This publication is for general information purposes only. A.T. Still University reserves the right to make changes in education programs, application deadlines, and tuition without notice.

The Mission

Consistent with the University's heritage as the founding school of osteopathic medicine, the mission of A.T. Still University is to educate students to become competent healthcare professionals who continuously develop and demonstrate compassion, integrity, and ability while advancing osteopathic principles and philosophy. The institution is committed to scholarly inquiry that anticipates and addresses society's healthcare needs. The University encourages its constituencies to become leaders in improving community health and wellness with a comprehensive appreciation of the interaction of body, mind, and spirit.

Financial Services

Financial assistance may be available to aid students in managing the cost of their graduate/professional school education. Financial assistance may be provided through loans, scholarships, grants, and the work-study program. A listing of current tuition and expenses for each program is available at www.atsu.edu. Tuition and fees are subject to change and will be determined by the Board of Trustees.
