## **Accessing & Searching Clinical Key**

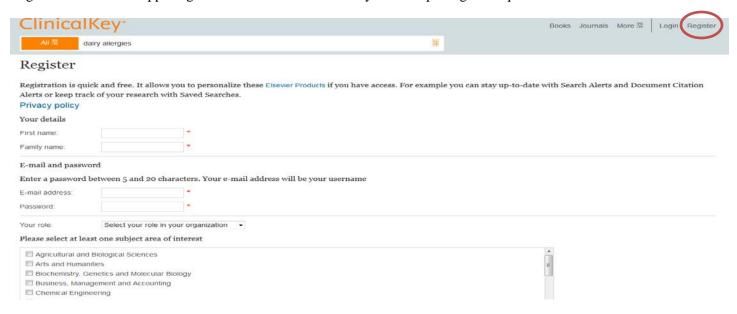

1) Go the library website (<a href="http://www.atsu.edu/atsmlib">http://www.atsu.edu/atsmlib</a>) and click on Clinical Key, which is located on the Quick Links Page or on the Site Map. These are pictured below:

2) Create your personalized Clinical Key account to access Books and Journals in full text or PDF format by clicking the Register button in the upper right hand corner of Clinical Key and completing the requisite information:

3) Access articles by using the general Search Box and then selecting specific Source Types, Study Type, Specialties, or by Date. Descriptions of each are available below the picture:

Source Types include Full-Text Articles, MEDLINE, Clinical Trials, and more.

Study Types include Meta Analysis, Randomized Control Trials, Systematic Reviews, and Narrative Review.

Specialties include Advanced Basic Science, Allergy and Immunology, Anesthesiology, Cardiothoracic Surgery, etc.

Date Options include limiting by the last 6 months up until the past 5 years.

4) To search only *Books, Journals, or More (Multimedia, etc.)*, click on the links in the upper right hand corner and then use the smaller search box within the each area.
