Help Managing Your Student Loans

Student loan repayment can be challenging, especially for medical school graduates balancing the demands of residency with loans coming due.

"What are the differences between IBR, PAYE, and REPAYE? What about Public Service Loan Forgiveness? Should I refinance my loans? What happens to my options with the new administration?"

PGPresents can help:

"Paul was great before I started residency, then four years later when starting my first job, he was available again and we just picked up right where we left off. Using PGPresents has been a great help."

Ruth Yemane, M.D.
