Beginnings

Please consider sponsoring a white coat for one or more students of A.T. Still University

As a symbol of their dedication to become compassionate, competent healthcare professionals, students of the following schools and programs of A.T. Still University will soon be presented with their first white coat.

- Arizona School of Dentistry & Oral Health (ASDOH)
- Arizona School of Health Sciences
 - Audiology Program (ASHS AUD)
 - Physician Assistant Studies (ASHS PA)
 - Physical Therapy Program (ASHS PT)
- Kirksville College of Osteopathic Medicine (KCOM)
- School of Osteopathic Medicine in Arizona (SOMA)

A fond memory for ATSU students is their white coat ceremony. During this ceremony, students pass through a virtual door into a new academic world and join a family of individuals who will teach, support, and work beside them through their educational journey.

As someone who realizes the significance of this milestone, you have the opportunity to support them as they begin their journey. A minimum contribution of \$35 will sponsor one student's white coat and create an eternal memory of his or her rite of passage. As acknowledgment of your gift, a beautifully created card with your name will be inserted into the pocket of the white coat prior to the ceremony.

Please consider sharing in this special memory by contributing to the sponsorship of one or more white coats today. Return the attached Action Card, or make your gift online at www.atsu.edu/whitecoat

The Mission

A.T. Still University of Health Sciences serves as a learning-centered university dedicated to preparing highly competent professionals through innovative academic programs with a commitment to continue its osteopathic heritage and focus on whole person healthcare, scholarship, community health, interprofessional education, diversity, and underserved populations.
