The school's interdisciplinary and technology emphasis, with incorporation of a philosophy of wholeness and treatment of body, mind, and spirit, creates an excellent professional educational environment.

### **Advanced Physician Assistant Studies (APA) Master of Science**

The Advanced Physician Assistant program at the Arizona School of Health Sciences (ASHS) offers the practicing Physician Assistant an opportunity to earn a Master of Science degree in Physician Assistant Studies via online education. A non-bachelors option is also available for those PA's practicing with associate degrees in Physician Assistant studies. Curriculum has been designed for the PA who wishes to enhance their clinical skills and academic status while continuing to work as a PA. The didactic portion of the program is 100 percent online. Students may access their classes 24 hours a day, 7 days a week. This distance education format allows for valuable interaction between faculty and students and assists them in achieving their educational objectives from the comfort and convenience of their own home. Students are required to interact with their classmates and faculty through discussion board postings and e-mail. The Advanced PA Program is affordable, convenient, and offers a supportive, high-quality learning experience specifically designed to meet the needs of the practicing physician assistant.

### **The Curriculum**

The Advanced Physician Assistant program offers concentrations in Clinical Medicine and Education / Leadership. Students may begin their program of study at any quarter throughout the year and may complete the program in as little as one or two years. The program consists of courses designed to enhance the practicing Physician Assistant's knowledge and expertise. Both concentrations require 40 quarter credit hours of coursework. The curriculum includes: web-based instruction, directed readings, Power Point presentation, research, writing, and email and discussion board postings. In addition to the didactic requirements, students in the Clinical Medicine concentration must document 400 hours of patient contact in the clinical practice setting.

### **Tuition and Expenses**

The tuition for this program for the 2013-2014 school year is \$375 per quarter credit hour. All tuition and fees are subject to change.

### **Financial Assistance**

Financial support, including private and federal loans, is available for students accepted into the Advanced Physician Assistant Studies Program.
