

ATSU International Student Application Procedure — *Simplified*

Applying for admission to graduate school with foreign credentials can be a daunting process, but it doesn't have to be!

START BY VISITING [APPLY.ATSU.EDU](https://apply.atsu.edu)

You will need to create an account. After registering, you will be asked to provide additional information, one step at a time.

DEMONSTRATE YOUR ENGLISH PROFICIENCY

There are three routes to qualify your English ability:

1. You are a native English speaker.
2. You have an undergraduate degree from a U.S. university.
3. You can provide acceptable scores from the IELTS or TOEFL exams.

PROVIDE YOUR CREDENTIAL EVALUATION AND TRANSCRIPTS

Have your credentialing agency send ATSU your evaluation and transcripts. To meet admission requirements, you may want to use World Education Services (WES). To identify deficiencies, you will also want to use Foreign Credentialing Commission on Physical Therapy (FCCPT). An enrollment advisor can assist you.

APPLICATION REVIEW

Your work is done (for now)! ATSU will review your application and all supplemental information.

OFFICIAL OFFER OF ADMISSION

If your application and materials are deemed sufficient, ATSU will extend an official offer of admission and present you with a personalized degree plan. To enroll with ATSU, you will need to officially accept the offer.
