Exclusive Application Agreement

The ATSU-KCOM Still Scholars Early Acceptance Program requires that Scholars who are granted conditional acceptance agree to not apply to any other school unless they have received a formal denial/dismissal from the Still Scholars Early Acceptance Program. It is considered unethical to apply to other schools if a participant is granted acceptance into any early acceptance program. Applying for other medical schools can result in immediate forfeiture of the guaranteed seat in that medical school's program. If a participant's application is declined or if a participant is dismissed from the program for any reason, they are then able to apply for any other medical school programs through the traditional application process.

Please read and initial the following boxes:

I agree that I will not apply to other medical schools until a decision is made regarding my early acceptance to ATSU-KCOM. If my application for the Still Scholars Early Acceptance Program is declined, I understand that only then can I apply for other medical school programs.

If I receive conditional and/or full acceptance to the Still Scholars Early Acceptance Program, I agree that I will not apply to any other medical school. If I am later declined or dismissed from this program, or not given a guaranteed seat at ATSU-KCOM for whatever reason, only then can I apply for other medical school programs.

I understand Still Scholar participants are prohibited from reporting an MCAT score on the primary AACOMAS application. In the event an MCAT score is required for scholarship purposes, Still Scholar participants must submit written documentation detailing why the MCAT is required and participants must receive permission from the Admissions Office in advance of taking the MCAT. Reported MCAT scores on the AACOMAS application are grounds for immediate dismissal from the Still Scholars program.

Applicant Signature
