<th>ISBN</th>
</tr>
</thead>
</table>

Recommended/Supplemental 1) Acland DVD Set Available FREE through the LRC--Not required to purchase but can if want; 2) iTunes ASHS Anatomy link - FREE

**NOTES:** Most of the resources are available on the ATSU Library Website (including the Netter Atlas). The others are at least in print in the library (although I do not know how many copies). Additionally, we have a lot of atlases for student use DURING lab (they can't leave the room). RECOMMEND at least one atlas at home (whether this is online or in print).

AUD 514 Auditory Science (Dr. Rigo)-
No required text

AUD 911 Audiological Grand Rounds (Dr. Ruotolo)
These are recommended texts for all students to acquire to start building a professional library of resources. Hard copies are encouraged, as these are books that you are likely to use, keep and want on your book shelves throughout your career.

1) Author: Brad A Stach
   Year of Publication: 2008
   Publisher: Thomson Delmar Learning
   ISBN Number: I-4018-4826-5
   Notes: We recommend a hard copy, but the Still Memorial Library does have a copy of the Stach text on reserve avail. For 2 hour checkout.

2) Title & Edition: Stedman's Medical Dictionary (full version or for Health Professions and Nursing version)
   Year of Publication: Latest Edition
   Publisher: Lippincott Williams & Wilkins
   Note: We recommend that you purchase a hard copy, but the Still Memorial site does have a link to Stedman's Medical Dictionary via StatRef on the Audiology page or through the book catalog

AUD 518 Audiological Observation IV (Dr. Dabrowski)
No required text
