End Note X6 Software or later (Student Edition Available)

Endnote is considered a reference management tool. Endnote is useful in all sorts of scholarly work, from writing papers for classes to completing your terminal scholarly project (EBP or Research). This software allows you to organize references for papers and create bibliographies with the click of your mouse! Students will be required to use Endnote and submit a copy of the Endnote library with their final capstone project.

Books are available at A.T. Still University Book Store  www.ashbooks.com
