- 1,362 / 2,099

ASDOH students Shelly Lynn Kitain, Julia Lakin, and Andreina Ramones study outdoors on the Arizona Campus.
Kirksville College of Osteopathic Medicine (KCOM)

- Founding school of osteopathic medicine, established in 1892
- Graduated more than 15,000 D.O.s
- First osteopathic medical school to receive two NIH research grants for clinical OMM methodology
- Ranked *US News & World Report’s* America’s Best Graduate Schools 2008
- Ranked 20th in *Hispanic Business Magazine’s* Best Medical Schools for Hispanics
- Received 2008 President’s Honor Roll Recognition
- Home of Still National Osteopathic Museum
- Opened Connell Information Technologies Center in 2007 with six human patient simulation labs

KCOM students
Josh Horowitz, Brian Park, and Helena Hoff.
School of Osteopathic Medicine in Arizona (SOMA)

- Only medical school in the country to integrate physical diagnosis with ongoing didactic curriculum

- Equips first-year students with the ability to perform a focused, comprehensive history and physical examination on the adult patient

- Curriculum blends the case presentation model and the Harvard-Cambridge model

SOMA students Versha Srivastava, Jennifer Lizcano, and Tomas Chavez assess their patient during a lab exercise. Human patient simulators allow students to better prepare for clinical practice.
Arizona School of Dentistry & Oral Health (ASDOH)

- Arizona’s first dental school

- Operates Thunderbirds Charities Special Care Unit at Dental Care West in Glendale, the only one of its kind in Arizona

- More than 75 full-time faculty members and nationally recognized experts teach one-week modules in their areas of expertise

- Received $200,000 Robert Wood Johnson Foundation grant

Larry McIver, D.M.D., ’08, cleans a patient’s teeth at ASDOH’s Special Care Clinic.
Arizona School of Health Sciences (ASHS)

- Graduated more than 4,000 students
- Athletic Training (AT) program received $107,013 National Athletic Trainers’ Association Research and Education Foundation grant
- Physical Therapy (PT) research lab offers metabolic cart with integrated ECG unit for exercise testing
- Transitional Doctor of Audiology (Au.D.) program is largest ASHS program with 2,000 graduates
- Audiology (Au.D.) externs are placed in prestigious clinical facilities across the country
- Physician Assistant Studies (PA) program has established strong relationships with Community Health Centers, bureaucrats, leaders, healers, and others committed to improving the health of the nation’s rural and inner-city, under-served communities
- Occupational Therapy (OT) program offers community-based lab experiences as part of course work before clinical rotations
- 20% of all Native American PAs in the United States graduated from ASHS
- Partnership with National Center for American Indian Health Professions (NCAIHP)
ASHS student Katie Isihara.
School of Health Management (SHM)

- First 100% online Doctor of Health Education (D.H.Ed.) program with integrated dissertation
- Nation’s first Master of Geriatric Health (M.G.H.) program
- First dental public health (M.P.H.) curriculum to be offered 100% online
- First dental public health certificate offered to dental medicine (D.M.D.) students
- Online writing center assists students
- 97% of ATSU Online students said they will recommend ATSU to others

The Mission

Consistent with the University’s heritage as the founding school of osteopathic medicine, the mission of A.T. Still University is to educate students to become competent healthcare professionals who continuously develop and demonstrate compassion, integrity, and ability, while advancing osteopathic principles and philosophy. The institution is committed to scholarly inquiry that anticipates and addresses society’s healthcare needs. The University encourages its constituencies to become leaders in improving community health and wellness with a comprehensive appreciation of the interaction of body, mind, and spirit.
